PLAYING PROFILE

A central midfielder developing primarily as a No. 8, with match experience as a No. 6 and No. 10. Plays regularly in Djurgården's PA17 elite group, two age groups above his own. Still developing the physical side needed to influence a full match at that tempo.

01 Awareness before receiving

Scans before the ball arrives — pressure, options and the better position for the team.

02 Receiving under pressure

Body shape and composure to receive, protect and turn in tight central space.

03 Connecting play

Offers angles, combines and progresses the ball between the lines.

04 Positional responsibility

Balance, supporting distances and recovery in transition at PA17 tempo.

CENTRAL MIDFIELD

No. 6

Calm in the first phase.

Drops beside the centre-backs, checks his shoulder, plays forward when the angle opens — sideways when it does not.

No. 8

Where he plays most.

Half-turn receptions between the lines, one and two touches to keep the team moving, arrives late around the box.

No. 10

Small spaces, quick decisions.

Drifts into the half-space and plays wall passes under contact. His final pass is an area he is working on.

HOW ENQUIRIES WORK

Charlie is under contract with Djurgården, and that comes first. Enquiries are handled with care for his development and existing commitments.

1 Information, not representation

This profile shares Charlie's football record and gives clubs a direct point of contact. It is not an agency.

2 One club, one deal

A FIFA-licensed agent with a genuine club relationship may request a written, time-limited mandate for that club and that transaction only.

3 Verified mandates only

Anyone acting for Charlie holds a current written mandate. Clubs are welcome to confirm it with the desk.

MATCH OBSERVATION

There are no public highlight reels. Clubs are welcome to attend Djurgården PA17 fixtures and Sweden U15 matches. Full-match recordings are sent as private, time-limited links to verified club and federation addresses only.
